Customer Notification

SEKISUI DIAGNOSTICS
*Because every result matters*™

Date: **July 15, 2025**

Product: **OSOM® Flu SARS-CoV-2 Combo Test (P/N 1080)**

Subject: **Kit Expiry Date Extension**

Dear Valued Customer,

SEKISUI Diagnostics' request to extend the shelf life of the OSOM Flu SARS-CoV-2 Combo Test (P/N 1080) from 12 months to a maximum of 20 months was approved by the FDA on July 2, 2025.

This letter is to notify you that the OSOM Flu SARS-CoV-2 Combo Test kits in your inventory may now have a new expiration date which is different than what you see printed on the kit box.

Please consult the table attached to this message to verify the new expiry date for your kit(s). If your kit lot number is not included in the table, please use the expiration date printed on the outer kit box. For your convenience, a date expiration label and kit stuffer containing a QR code linking to Sekisui Diagnostics website is provided with your kit. The QR code will link you directly to a list of kits that have been extended.

Use-by date may have been extended. See website for expiration updates.
